

28 August 2014
Pomona Regional Office

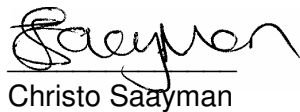

I wish to confirm that CMH Car hire t/a First car Rental has been utilizing the services of Intervid since August 2013.

When we were procuring a new CCTV system for our Pomona depot we obtained several quotations.

Intervid was selected as the products and service they offered stood out above the rest. We have received personal and efficient service from day one.

The CCTV installation was completed neatly and has met our requirements thus far.

Kind Regards,

Christo Saayman
