To Whom It May Concern,

**Letter of Reference for Intervid**

During 2014 I decided to upgrade our property portfolios CCTV & Access Control System. We approached Intervid for assistance and we have never regretted this decision. From the very start the entire Intervid team presented themselves in a professional manner and more than this presented us with a monitoring solution that suited our needs and budget.

Once we had approved the installations we were kept up to date daily with the levels of progress on our various sites and were very impressed with the final installation. The final installations were done within the project time provided as well as in a very neat and professional manner.

Intervid have been excellent in dealing with post installation queries and corrective measures.

I can without a shadow of a doubt highly recommend Intervid for any CCTV & Access Control installations.

Should you wish for future clarity on the excellent service please feel free to contact me.

Yours faithfully

**Managing Trustee**

**Quintin Rossi**
